

Transform Your Care with Newline

Newline sells the industry's leading interactive displays that are easy-to-use and integrate into your established systems. Collaborate with your healthcare team using our enhanced whiteboard features, or edit a document on the large display for everyone to see.

Large Format Displays

Collaborate and help your patients with our easy to use touch & non-touch panels.

Desktop Collaboration Solutions

Add touch devices to your practice to collaborate & meet with patients.

Accessories

Upgrade your telehealth with impeccable cameras and on-board computers.

Software

Monitor devices and streamline meeting start ups with software add-ons.

Why Choose Newline?

- Conduct telehealth appointments.
- View patient records on a large screen.
- Annotate over documents.
- Share annotated documents and slides.
- Add interactivity to meetings.

Z Series

Redefine care with the Newline Z Series, an ultra-high definition display that provides an immersive audio-visual experience for your meetings and briefings. The UC Ready Z Series comes with an onboard computer (OPS) and a flexible 4K wide-angle camera. Don't need an OPS or camera? Choose the non-UC Z Series and save.

Q Series

Your team has varying levels of needs, so naturally your office hardware must be equipped to meet that demand. Connectivity that matches your personal devices, displays to rival even the best televisions, and integration that makes for a seamless transition. Leverage the power of the Q Series for today's complex collaboration landscape.

RS+ Series

Turn charts, x-rays, reports, and more into an interactive meeting component with a single touch. The RS+ digital display can be used as a whiteboard, document sharing medium, and overall collaboration hub. Turn meetings and briefings into an efficient interactive experience for your healthcare team.

NT Series

Bring your x-rays and presentations to life with the NT Series, a large format commercial display that lets you focus on just the tools you need to succeed. Save on costs with a non-touch display experience. Rated 24/7, this commercial grade display works as hard as you do.
